This is just to let you know that we're about to receive the funds from Google for GSoC 2018.

2. Debian Project - \$17,200

(note: this is more than you should get according to my calculation, but maybe I'm wrong:

```
2200 + 500 + 500 * 26
```

15700

I guess you're getting 4x the student travel scholarship
)

Payment for each organization includes:

- * Student stipends (\$500 per student developer)
- * Mentor summit stipend (\$2200)
- * Student travel scholarship (\$500)
- * Deductions for missing evaluations (\$1100 per evaluation missed)

Martin

Does SPI need anything else from the GSoC admins or we can leave it in SPIs hands?

(With my SPI hat on) I'll ask Google if projects using SPI have to fill out the form. I suspect not. SPI will probably just have to send them a list of projects.

Yep, you don't need to fill out the form.
