To whom it may concern,

I, the undersigned Gerhard ANDREY born in Fribourg (CH), resident in Granges-Paccot (CH), declare the following:

I have been working as cofounder and partner at Liip since 2007, and today I am in charge of business development and sustainability. Furthermore, I'm also a member of the Swiss parliament.

Thanks to my activity and the long professional experience, I know the most important names in the software and hardware sectors, including the mark "Debian" that I have been familiar with since many years, and can be considered for sure as a well-known mark in Switzerland.

As a result of my job, I am aware of the fact that Debian is widely adopted in prominent products and services, both in shops located through the Swiss territory and on-line. To the best of my knowledge, I can confirm that the mark "Debian" is univocally associated by Swiss consumers to the project that bears the same Name.

Faithfully,

Gerhard ANDREY
